## UPCOMING WORKSHOPS:

### Intro to Social Media

Thursday April 28, 10-11:30am

How are Facebook, Twitter, and LinkedIn used on a daily basis? This workshop provides an introduction to each site and their features. This class is designed for the user who has basic computer skills and knowledge.

### Intro to Google

Thursday May 5, 10-11:30am

Google is so much more than a search engine. Learn some of Google's tools like email, how to create documents, spreadsheets, and a slideshow. Also learn how to create your own simple website with Google Sites and find documents through Google Drive.

### Pizza & Portable Camera

Tuesday May 3, 6-7:30pm

This hands-on class provides an overview of our Portable Video Cameras including camera & tripod setup, audio, and proper framing and zooming techniques used while recording your event. Come enjoy pizza and salad while you set up the camera, tripod and practice recording video to feel comfortable using the equipment.

### Intro to Final Cut Editing

Tuesday May 17, 6-9pm and

Tuesday May 24, 6-9pm

Have someone special celebrating a big birthday, graduation, or getting married? Come to our studio with home videos in hand and we will teach you how to put together a 3-minute video set to music with the program Final Cut!

**What is MEDWAY CABLE ACCESS?** - Our studio and video equipment is available, free of charge, for Medway Community members to record your organization's events, meetings, sports, and general interest shows. **Share what you do and know!** All programs are broadcast on **Comcast 8 / Verizon 35**, our Facebook, YouTube pages, and website to be aired and shared with your social networks.
